IT IS a great pleasure to make it possible for our patrons and the public generally to view a number of fine paintings, etchings and bronzes by artists of old and modern schools.

Those who have passed on and are famous for their work are Whistler, Hayden, Pennell, Duer, Rembrandt, T. C. Steele and many others.

Among the contemporary artists are D. Y. Cameron, Hedley Fitton, Frank Brangwyn, Frank Benson, H. G. Davisson, Ellsworth Young, Arthur William Heintzelman, F. Hopkins Smith, Lee Hankey, E. Blampied, Wayman Adams, Martin Hardie, and others.

Art has a refining influence on the mind and character. For this reason civilized communities in all ages have fostered and encouraged it.

A true artist sees beauty in the simplest surroundings, the meadows, the harvest fields, lakes, and marshes. Pennell and many others have seen beauty in the busy streets of large cities, the construction of buildings, bridges and wharfs. It is this love of the beautiful that puts a real interest in life.

Collecting etchings is an interesting and profitable hobby and can be indulged in by those in moderate circumstances. Good etchings grow in value and give the owner great pleasure.

The purpose in issuing this catalog is to invite you to call and view the works of art. On the following pages you will find reproductions of some of the bronzes, etchings, paintings, and a complete list of all of the works of art in The Tri-State Loan and Trust Co.

CHARLES A. WILDING
President.

And if I share my crust,
As common manhood must,
With one whose need is greater than my own:
Shall I not also give
His soul that it may live
Of the abundant pleasures I have known?

And so if I have wrought,
Amassed, or conceived aught
Of beauty, or intelligence, or power;
It is not mine to hoard;
It stands there to afford
Its generous service simply as a flower.
